General Booth Information:

- Booths 10' wide x 10' deep are laid out on grass or a grass/rock combination in squares of 4 or single row side aisles.
- Vendors must provide their own booth shelter.
- Booth spaces are limited to single story structures. Displays must be contained within your space. Most spaces have open front and one side, so please take this into consideration when planning your set-up.
- Booths MUST be anchored to the ground by weights or stakes (recommended). In the event of high winds or inclement weather, booth owners are responsible & liable for the security & safety of their structures, as well as anything contained within.
- All equipment, supplies and overstock must be stowed and hidden within the space provided. No unsightly materials or equipment should be visible to the crowd. This is your store front, so it should appear to be inviting & appealing to our patrons.
- Hours of operation extend beyond dark. Vendors are responsible for furnishing and lighting their own booth.

Your booth/display must have:

- An attractive, professional, maintained appearance.
- Quality merchandise.
- Courteous, friendly, old-time music loving personnel.
- Displays/tents secured against wind/weather.

Signage:

- Vendors are required to provide a sign for the front of their booth, displaying company name. A booth number supplied by UDMD must also be prominently displayed in the upper left corner of your booth.
- Signs must be single story only. We are looking for vendor booth set-ups to compliment the old-time theme.

Electrical/Lighting: All booths will be supplied with power* nearby. Please bring an outdoor rated, 100ft: extension cord & power strip/s, cords, etc. You will be allotted one outlet/plug (110v), & are responsible for dividing it from there. Any additional power needs must be specifically set forth in the application. 220v not available.

- No external video displays in main stage area.

Miscellaneous: • Any music from your booth must be off when artists are performing on stage. Vendors selling instruments are responsible for making sure they maintain a respectable level, & do not interfere with the music on stage, or their neighbor's ability to do business. Booth neighbors /customers should be able to hear the acts on stage, above anything being emitted from your booth.

Load out after the conclusion of Saturday's show or early Sunday.

- Vendors breakdown with the conclusion of the Festival-Sat. night, *approx. midnight. Past shows have run late, so please be prepared for this possibility. Allow 1-3 hours for load out on Saturday night.
- *Do not try to bring in your vehicle or wait by the front gate. After the crowd sweep, vendor relations staff will coordinate load out with you, and we will notify vendors to bring in their vehicles. For liability purposes, NO vendor vehicles are permitted in venue until all patrons have been evacuated Please make sure ALL of your staff is aware of this guideline & abides by it, or risk injury to others, ejection &/or not invited back.*
- Please bear with us and be patient. This is not an easy or quick process. You can help by breaking down and packing up your booth, while you wait to be signaled to bring in your vehicle/s.

Other FAQs

Security: Security will be provided during overnight hours on Thurs. & Fri. • Vendors are responsible for securing their own booth.

Trash: Vendors are responsible for leaving booth spaces & area CLEAN. All trash from your operation must be removed &/or placed in proper receptacles. Failure to do so will jeopardize your return to future events. There is a dumpster on site & all waste must be placed in/next to proper receptacles, for collection. Be considerate - we are all tired and clean-up needs everyone to help.

Pets: No pets of any kind allowed! This includes the festival grounds, all festival/staff parking areas. **No exceptions.** Do not leave your animals in your vehicle, or animal control will be summoned, and you will be asked to leave.

Loading In/Out of the festival grounds: Vehicles are allowed on the grass to load in or out, in DRY conditions, yet only with the utmost care and respect. It only takes one person tearing up the turf to lose this privilege.

• **PLEASE, DO NOT SHOW UP EARLY FOR LOAD IN, EXPECTING TO PULL RIGHT IN.** *You will not be allowed to enter the site until your scheduled load in time, unless otherwise permitted by coordinator. If we can accommodate we will, yet those scheduled first, take priority.*

• You must arrive, unload and set up in the allotted time. All spots are pre-determined before load-in. If you are late you will not have access to unload at your booth space. Too many vehicles cause congestion and the inability to maneuver the narrow aisles. To restock plan on using a hand truck and/or cart if you need to load anything in and out daily.

Friendly Tips: Don't forget necessities (coolers/beverages/etc.) extra operation supplies.

Bring plenty of .. Coin (if applicable) and cash change! There is an ATM on site, yet there are no banks in the immediate area. •

Drinking water/fluids. •Sunblock & hat. • Everything you need to be there all day. Once the festival is underway, getting in and out is difficult and time consuming (unless you take the free shuttle to & from the parking garage).

Festival is held rain or shine. Booth fees are non-refundable.

All unaccepted vendor payments will not be deposited and will be returned in SASE. If the Vendor has not fulfilled their obligations to the Uncle Dave Music Festival (UDMD), and have not operated their booth in a prudent manner as determined solely by the UDMD Staff, removal of the vendor, or objectionable work will be requested. The Organization will operate as an independent contractor. UDMD will not be responsible for the loss or damage of merchandise or equipment in the booth area, nor do we assume any responsibility for any liability incurred by any booth operator. Festival rules and guidelines are subject amendment.
